BS, Computer Science 3.8 GPA

Minnesota State University, Mankato

BFA, Musical Theater, Graduated Cum Laude, 3.7 GPA

Experience

Urgent.ly | Front End Engineer II

2020 - Present

HTML, CSS, JavaScript, TypeScript, React, Node, SASS / SCSS, AWS, AngularJS

- Ships software and features to a growing user base of 1+ million users.
- Migrated a monorepo AngularJS app to distributed React and frontend microservices.
- Familiar with OKRs, and agile development driven by 2 week sprints.
- Responsible for front end code reviews, guaranteeing full unit test coverage and best practices.
- Works seamlessly with product, QA, design, and engineering teams.
- Present products at pitch meetings for investors and stakeholders.
- Led teaching demonstrations to the engineering teams when migrating tech stack.

University of Washington, Cultivate Learning | Mobile Engineer

2019 - 2020

JavaScript, React Native, Node, AWS, Java, Kotlin, Android Studio, Swift, Xcode, JIRA, PHP

- Leads live demos of Android and iOS mobile apps for government stakeholders.
- Builds software for state and federal education programs in 5 states.
- Maintains documentation and workflow of onboarding new engineers.
- Rapidly develops and maintains responsive builds for both iOS and Android applications.
- Optimized mobile app video upload, using less phone memory and improving upload times.
- Deploys certified builds to the Apple App Store and Google Play Store.

Freelance | Web Developer / Software Development Engineer

2015 - Present

HTML, CSS, JavaScript, TypeScript, Mongo, React, Node, REST APIs, SASS / SCSS, C#, .NET, ASP.NET

- Builds commission-based websites and full stack applications for various clients.
- Implemented payment system for dance company, increasing revenue by over 50%.
- Deploy cheap, personalized websites to spec while communicating solid deadlines.
- Guide direction of website architecture for clients that have no exposure to development.
- Worked on open source projects, with fast Agile / SCRUM sprints such as JIRA and Kanban.
